

Coloured Lands Chesterton C.k Sheed Ward

fold in - pearson publishing ltd - lands). put glue on the surfaces of the lower flaps and push the cylinder down into the flower until the flaps stick against the sides. the model looks very effective when both sides of the petals, stamen and carpel are coloured. the outline can also be used as a template for part of a model of a whole plant (see diagram on the right). the petals need to be made of card and the stem may need ...
